DIRECTORS' REVIEW

The Directors of Worldcall Telecom Limited ("WTL" or the "Company") are pleased to present the financial information for the period ended September 30, 2008

Financial Overview

The overall economic and business scenario remained quite turbulent during the three months under review. The company was badly impacted by the overall worsening economic conditions of the country and the plummeting financial and stocks indexes. The company's investments in listed securities suffered sharp decline in values that resulted in a loss of Rs 150 million at the end of the period. This loss has been mitigated to some extent as the Company received 40% bonus shares in October 2008 from First Capital Securities Corporation Limited. The growing competition and the ongoing price war also forced the Company to reduce profit margins on different services. This resulted in fall in Average Revenue Per User (ARPU) that negatively effected the profitability. The Company posted net revenue of PKR 1,345 million showing an increase of 13% over the corresponding prior period. The revenue increase was partly attributable to increase in international termination rates in the period under review and partly to the strong management polices aimed at business growth in different market segments, launch of new products as per customer requirements, commencement of services in new areas and growth of customer base in telephony market. However this growth in revenue was greatly offset by substantial increase in operating and direct costs that led to a 90% fall in operating profit which stands at Rs. 31 million at the period end. The increase in direct and operating costs along with loss on investments translated in a net loss of Rs. 156 million and loss per share of Rs 0.18

Future Outlook

Company has successfully launched its EVDO service in the south region. It was another pioneering step of Worldcall in the broadband market. The product due to its unique characteristics, utility and sophistication drew an overwhelmingly good response from the market. The Company has also signed Turn Key agreements with Huawei for launch of EVDO service in north region. Initially six cities have been targeted for the launch of this product. To support this launch and to further enhance the service standard of the existing wireless products, the Company has signed different agreements which are expected to improve revenues and profitability in the future.

With the increase in APC rate, the international termination market has started showing promising signs. It is expected that this would greatly benefit the LDI operations in days to come.

The acquisition by Omantel is also expected to show the colors in the near future. The expertise, richness of experience and professional excellence of Omantel of doing business will help in ameliorating the Company image and strengthening its market position. Furthermore the investment by Omantel in new projects which are under the process of evaluation would open new vistas of prosperity and corporate growth.

**NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION
(UN-AUDITED)
FOR THE QUARTER ENDED 30 SEPTEMBER 2008**

1 Legal status and nature of business

Worldcall Telecom Limited ("the Company") is a public limited company incorporated in Pakistan on 15 March 2001 under the Companies Ordinance, 1984 and its shares are quoted on the Karachi and Lahore Stock Exchanges. The Company commenced its operations on 01 December 2004 and is engaged in providing Wireless Local Loop ("WLL") and Long Distance & International ("LDI") services in Pakistan, operation and maintenance of public payphones network and re-broadcasting international/national satellite/terrestrial wireless and cable television and radio signals as well as interactive communication and to establish, maintain and operate the licensed telephony services. The Company has been licensed by Pakistan Telecommunication Authority ("PTA") and Pakistan Electronic Media Regulatory Authority ("PEMRA") for these purposes. The registered office of the Company is situated at 103 C-II, Gulberg III, Lahore.

2 Accounting convention and basis of preparation

This condensed interim financial information have been presented in condensed form in accordance with the requirements of the "International Accounting Standard 34 - Interim Financial Reporting" as applicable in Pakistan and are unaudited. This condensed interim financial information does not include all of the information required for full annual financial statements, and should be read in conjunction with the financial statements of the Company for the year ended 30 June 2008. Further, this condensed interim financial information is being circulated to the shareholders in accordance with the requirements of Section 245 of the Companies Ordinance, 1984.

3. Significant accounting judgements and estimate

The preparation of condensed interim financial information in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In preparing this condensed interim financial information, the significant judgements made by management in applying accounting policies and the key sources of estimation were the same as those that were applied to the financial statements for the year ended 30 June 2008.

4 Accounting policies

Accounting policies adopted for preparation of this condensed interim financial information are same as those applied in the preparation of the annual audited financial statements of the Company for the year ended 30 June 2008.

6 Contingencies and commitments

6.1 Billing disputes with PTCL

6.1.1 PTCL has charged the company excess Domestic Private Lease Circuits (DPLC), and other media charges amounting to Rs. 77.75 million (June 2008: Rs. 73.9 million) on account of difference in rates, distances and date of activation. Further the company has also deposited Rs. 40 million (June 2008: Rs. 40 million) in Escrow Account on account of dispute of charging of bandwidth charges from the date of activation of Digital Interface Units (DIUs) for commercial operation and in proportion to activation of DIUs related to each DPLC link and excess charging in respect of Karachi-Rawalpindi link which was never activated. The management is confident that matter will be decided in favour of the company.

6.1.2 There is a dispute of Rs.69.41 million (June 2008: Rs 68.9 million) with PTCL of non revenue time of prepaid calling cards and Rs. 12.98 million (June 2008: Rs 9.07 million) for excess minutes billed on account of interconnect and settlement charges. The management is confident that matter will be decided in favour of the company.

6.2 Disputes with Pakistan Telecommunication Authority (PTA)

6.2.1 PTA has raised a demand on the Company of Rs. 4.3 million (June 2008: Rs. 4.3 million) on account of annual microwave and BTS registration charges. The Company is not paying this amount on the grounds that earlier exemptions were given to mobile operators. In addition to this, there is no legal requirement to register BTS with PTA, therefore PTA cannot charge a fee for BTS registration. The management is confident that matter will be decided in favour of the Company.

6.2.2 PTA has issued a notice to the Company regarding the 479 MHz and 3.5 GHz frequency bands, as the Company has failed to undertake the rollout of its wireless local loop ("WLL") network in the aforesaid frequencies within the time limit prescribed by PTA. The Authority has right to withdraw unused frequency spectrum and cancel the license for not meeting the said roll out requirement. The Company's stance in this respect is that the rollout in 479 MHz, a non standard frequency band, could not be carried out due to non availability of infrastructure and user terminals. Its deployment and commercial operation is not possible in the limited revised time frame. In 3.5 GHz band, the roll out is delayed due to limited customers' market and high cost of the Customer Premises Equipment. Non-firm standards, technology evolution and

Worldcall Telecom Limited

optimization of spectrum by PTA are also the main reasons for its delayed rollout. However, the Company has started its roll out plan and is successful in getting commencement certificate in GTR and KTR regions for 3.5 GHz frequency and 479 MHz frequency respectively. The management is hopeful that matter will be decided in favour of the Company and notice will be withdrawn.

6.2.3 There is a dispute of Rs. 11.3 million (June 2008: Rs. 11.3 million) with PTA on account of contribution to the Research and Development Fund ("R&D Fund") for the period prior to the formation of R&D Fund by the Federal Government. Based on legal advice, the management is confident that the matter will be decided in favour of the Company.

6.2.4 There is a dispute of Rs. 491 million (June 2008: Rs. 491 million) with PTA on Universal Service Fund (USF) representing contribution to USF for the period prior to the formation of USF by the Federal Government. Out of this amount, Rs. 223 million relating to prior periods has been deposited with PTA. Show cause notice was issued by the PTA and the Company had submitted its reply. PTA after hearing the Company's view has passed determination dated 4 April 2008 against the Company. The Company has filed an appeal in Honourable Islamabad High Court and stay order has been granted by the Honourable Islamabad High Court in favour of the Company. The next date of hearing has not yet been fixed by the Honourable Islamabad High Court. Based on legal advice, the management is confident that the matter will be decided in favour of the Company.

6.3 Taxation issues

6.3.1 Income Tax Return for the tax year ended 30 June 2006 was filed under the self assessment scheme, subsequently the case was reopened by invoking the provisions of section 122 (5A). Additions were made on account of brought forward losses, gratuity and goodwill of Rs. 773 million. The Company filed an appeal before the Commissioner of Income Tax (Appeals). The Commissioner of Income Tax (Appeals) dismissed the appeal of the Company and now the Company has filed appeal in Income Tax Appellate Tribunal Lahore against the order of Commissioner of Income Tax (Appeals). The management is confident that matter will be decided in favour of the Company.

6.3.2 Taxation Officer passed an order in 2007 under section 161/205 of the Income Tax Ordinance, 2001 for the tax year 2004 and 2005 on account of sales of Payphone services and calling cards creating a tax demand of Rs. 173 million by treating the Company as an assessee in default for non-deduction of tax under section 236 of the Income Tax Ordinance, 2001. A penalty of Rs. 8.67 million was also imposed for non payment of the demand mentioned above. The Company filed an appeal against this order before Commissioner of Income Tax (Appeals). The Commissioner of Income Tax (Appeals) dismissed the appeal of the Company and subsequently the Company filed an appeal in Income Tax Appellate Tribunal ("ITAT"), Lahore against the order of Commissioner of Income Tax (Appeals). ITAT, Lahore decided the case in favour of the Company and resultantly the demand of Rs 181.67 million was reversed. The department has now filed reference in Honourable High Court against the decision of ITAT, Lahore on September 08, 2008 which is pending adjudication.

6.3.3 In 2006 Sales Tax Authorities served Show Cause Notices to various payphone companies, including the Company on account of alleged wrong claim of refund of Rs. 167 million under section 66 of the Sales Tax Act 1990. The matter was adjudicated and the Additional Collector (Adjudication) Sales Tax, Lahore passed an Order dated 18-09-07 against the Company and imposed a penalty equivalent to the amount of original alleged claim on the Company and Chief Executive. Later on, the Sales Tax Department has issued a notice under Section 48 of the Sales Tax Act, 1990 to the bankers of the Company and Customs Authorities for recovery of refund along with penalty. Moreover, a notice for stoppage of clearance of imported goods has also been issued by the Sales Tax Department to Custom Authorities.

Order of the Additional Collector to the extent of imposing penalty on the Chief Executive of the Company has been stayed by the Honourable High Court Lahore. An appeal has been filed

Worldcall Telecom Limited

before the Collector (Appeals) Customs, Federal Excise & Sales Tax, Lahore against the order of Additional Collector (Adjudication) and the same is pending adjudication till date. The said Order of the Additional Collector was also assailed before the Honorable Federal Tax Ombudsman ("FTO"). The FTO has issued an order that no penalty can be imposed against the Company as there is no element of tax fraud involved in the matter and the issue pertains to a change of opinion of the Federal Board of Revenue.

A representation has been filed by the Collectorate against the said Order of the FTO before the Honorable President of Pakistan on which decision is yet awaited. However, in case of another payphone company having similar case, the Honourable President has set aside the decision of FTO and has restored the potential 100% penalty on the principal amount. The said decision of the President has been challenged before the Honourable Islamabad High Court and the matter is pending adjudication before the Honourable Court.

In the meanwhile upon application of the Company under section 47A of the Sales Tax Act, 1990 for constitution of Alternative Dispute Resolution Committee (ADRC) the FBR has constituted the Committee and referred the matter to be resolved at ADRC. The management is confident that matter will be decided in favour of the Company.

Worldcall Telecom Limited Group

NOTES TO THE CONDENSED CONSOLIDATE INTERIM FINANCIAL INFORMATION (UN-AUDITED) FOR THE QUARTER ENDED 30 SEPTEMBER 2008

1 Legal status and nature of business

1.1 The Group consists of:

Worldcall Telecom Limited; and

Worldcall Telecommunications Lanka (Private) Limited

1.2 Worldcall Telecom Limited ("the Company") is a public limited company incorporated in Pakistan on 15 March 2001 under the Companies Ordinance, 1984 and its shares are quoted on the Karachi and Lahore Stock Exchanges. The Company commenced its operations on 01 December 2004 and is engaged in providing Wireless Local Loop ("WLL") and Long Distance & International ("LDI") services in Pakistan, operation and maintenance of public payphones network and re-broadcasting international/national satellite/terrestrial wireless and cable television and radio signals as well as interactive communication and to establish, maintain and operate the licensed telephony services. The Company has been licensed by Pakistan Telecommunication Authority ("PTA") and Pakistan Electronic Media Regulatory Authority ("PEMRA") for these purposes.

Worldcall Telecommunications Lanka (Private) Limited ("the Subsidiary") was incorporated in Sri Lanka and is a joint venture with Hayleys Group to operate payphones. The principal activity of the Subsidiary is the operation and maintenance of public payphones networks. Payphones are installed at various shops/commercial outlets. The Company holds 70.65% of voting securities in the Subsidiary.

The registered office of the Company is situated at 103 C-II, Gulberg III, Lahore.

2 Basis of consolidation

The consolidated interim financial information includes the financial information of the Company and its Subsidiary. The financial information of the Subsidiary has been consolidated on a line by line basis.

Subsidiary

Subsidiary is an entity controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of the entity so as to benefit from its activities. The financial information of the Subsidiary is included in the consolidated financial information from the date that control commences until the date that control ceases.

Associates

Associates are those entities in which the Group has significant influences but not control over the financial and reporting policies. The consolidated financial information includes the Group's share of the total recognized gains and losses of associates on equity accounting basis, from the date that significant influence commences until the date total significant influence ceases. When the Group's share of losses exceeds its interest in an associate, the Group's carrying amount is reduced to nil and recognition of further losses is discontinued except to the extent that the group has incurred legal or constructive obligation or made payments on behalf of the associate.

Transactions eliminated on consolidation

Intragroup balances and any other unrealized gains and losses or income and expenses arising from intragroup transactions, are eliminated in preparing the consolidated financial information.

Worldcall Telecom Limited Group

Unrealized gains arising from transactions with associates are eliminated to the extent of the Group's interest in the entity. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

Minority interest is that part of net results of operations and of net assets of Subsidiary attributable to interest which are not owned by the Company. Minority interest is presented separately in the consolidated financial information.

3 Accounting convention and basis of preparation

This condensed consolidated interim financial information has been presented in condensed form in accordance with the requirements of the "International Accounting Standard 34 - Interim Financial Reporting" as applicable in Pakistan and are unaudited. This condensed consolidated interim financial information does not include all of the information required for full annual consolidated financial statements, and should be read in conjunction with the financial statements of the Group for the year ended 30 June 2008. Further, this condensed consolidated interim financial information is being circulated to the shareholders in accordance with the requirements of Section 245 of the Companies Ordinance, 1984.

4 Significant accounting judgements and estimates

The preparation of condensed consolidated interim financial information in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgements are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In preparing this condensed consolidated interim financial information, the significant judgements made by management in applying accounting policies and the key sources of estimation were the same as those that were applied to the financial statements for the year ended 30 June 2008.

5 Accounting policies

Accounting policies adopted for preparation of this condensed consolidated interim financial information are same as those applied in the preparation of the annual audited financial statements of the Group for the year ended 30 June 2008.

7 Contingencies and commitments

Contingencies

7.1 Billing disputes with PTCL

7.1.1 PTCL has charged the company excess Domestic Private Lease Circuits (DPLC), and other media charges amounting to Rs. 77.75 million (June 2008: Rs. 73.9 million) on account of difference in rates, distances and date of activation. Further the company has also deposited Rs. 40 million (June 2008: Rs. 40 million) in Escrow Account on account of dispute of charging of bandwidth charges from the date of activation of Digital Interface Units (DIUs) for commercial operation and in proportion to activation of DIUs related to each DPLC link and excess charging in respect of Karachi-Rawalpindi link which was never activated. The management is confident that matter will be decided in favour of the company.

7.1.2 There is a dispute of Rs.69.41 million (June 2008: Rs 68.9 million) with PTCL of non revenue time of prepaid calling cards and Rs. 12.98 million (June 2008: Rs 9.07 million) for excess minutes billed on account of interconnect and settlement charges. The management is confident that matter will be decided in favour of the company.

7.2 Disputes with Pakistan Telecommunication Authority (PTA)

7.2.1 PTA has raised a demand on the Company of Rs. 4.3 million (June 2008: Rs. 4.3 million) on account of annual microwave and BTS registration charges. The Company is not paying this amount on the grounds that earlier exemptions were given to mobile operators. In addition to this, there is no legal requirement to register BTS with PTA, therefore PTA cannot charge a fee for BTS registration. The management is confident that matter will be decided in favour of the Company.

7.2.2 PTA has issued a notice to the Company regarding the 479 MHz and 3.5 GHz frequency bands, as the Company has failed to undertake the rollout of its wireless local loop ("WLL") network in the aforesaid frequencies within the time limit prescribed by PTA. The Authority has right to withdraw unused frequency spectrum and cancel the license for not meeting the said roll out requirement. The Company's stance in this respect is that the rollout in 479 MHz, a non standard frequency band, could not be carried out due to non availability of infrastructure and

Worldcall Telecom Limited Group

user terminals. Its deployment and commercial operation is not possible in the limited revised time frame. In 3.5 GHz band, the roll out is delayed due to limited customers' market and high cost of the Customer Premises Equipment. Non-firm standards, technology evolution and optimization of spectrum by PTA are also the main reasons for its delayed rollout. However, the Company has started its roll out plan and is successful in getting commencement certificate in GTR and KTR regions for 3.5 GHz frequency and 479 MHz frequency respectively. The management is hopeful that matter will be decided in favour of the Company and notice will be withdrawn.

7.2.3 There is a dispute of Rs. 11.3 million (June 2008: Rs. 11.3 million) with PTA on account of contribution to the Research and Development Fund ("R&D Fund") for the period prior to the formation of R&D Fund by the Federal Government. Based on legal advice, the management is confident that the matter will be decided in favour of the Company.

7.2.4 There is a dispute of Rs. 491 million (June 2008: Rs. 491 million) with PTA on Universal Service Fund (USF) representing contribution to USF for the period prior to the formation of USF by the Federal Government. Out of this amount, Rs. 223 million relating to prior periods has been deposited with PTA. Show cause notice was issued by the PTA and the Company had submitted its reply. PTA after hearing the Company's view has passed determination dated 4 April 2008 against the Company. The Company has filed an appeal in Honourable Islamabad High Court and stay order has been granted by the Honourable Islamabad High Court in favour of the Company. The next date of hearing has not yet been fixed by the Honourable Islamabad High Court. Based on legal advice, the management is confident that the matter will be decided in favour of the Company.

7.3 Taxation issues

7.3.1 Income Tax Return for the tax year ended 30 June 2006 was filed under the self assessment scheme, subsequently the case was reopened by invoking the provisions of section 122 (5A). Additions were made on account of brought forward losses, gratuity and goodwill of Rs. 773 million. The Company filed an appeal before the Commissioner of Income Tax (Appeals). The Commissioner of Income Tax (Appeals) dismissed the appeal of the Company and now the Company has filed appeal in Income Tax Appellate Tribunal Lahore against the order of Commissioner of Income Tax (Appeals). The management is confident that matter will be decided in favour of the Company.

7.3.2 Taxation Officer passed an order in 2007 under section 161/205 of the Income Tax Ordinance, 2001 for the tax year 2004 and 2005 on account of sales of Payphone services and calling cards creating a tax demand of Rs. 173 million by treating the Company as an assessee in default for non-deduction of tax under section 236 of the Income Tax Ordinance, 2001. A penalty of Rs. 8.67 million was also imposed for non payment of the demand mentioned above. The Company had filed an appeal against this order before Commissioner of Income Tax (Appeals). The Commissioner of Income Tax (Appeals) dismissed the appeal of the Company and subsequently the Company filed an appeal in Income Tax Appellate Tribunal ("ITAT"), Lahore against the order of Commissioner of Income Tax (Appeals). ITAT, Lahore decided the case in favour of the Company and resultantly the demand of Rs 181.67 million was reversed. The department has now filed reference in Honourable High Court against the decision of ITAT, Lahore on September 08, 2008 which is pending adjudication.

7.3.3 In 2006 Sales Tax Authorities served Show Cause Notices to various payphone companies, including the Company on account of alleged wrong claim of refund of Rs. 167 million under section 66 of the Sales Tax Act 1990. The matter was adjudicated and the Additional Collector (Adjudication) Sales Tax, Lahore passed an Order dated 18-09-07 against the Company and imposed a penalty equivalent to the amount of original alleged claim on the Company and Chief Executive. Later on, the Sales Tax Department has issued a notice under Section 48 of

Worldcall Telecom Limited Group

the Sales Tax Act, 1990 to the bankers of the Company and Customs Authorities for recovery of refund along with penalty. Moreover, a notice for stoppage of clearance of imported goods has also been issued by the Sales Tax Department to Custom Authorities.

Order of the Additional Collector to the extent of imposing penalty on the Chief Executive of the Company has been stayed by the Honourable High Court Lahore. An appeal has been filed before the Collector (Appeals) Customs, Federal Excise & Sales Tax, Lahore against the order of Additional Collector (Adjudication) and the same is pending adjudication till date. The said Order of the Additional Collector was also assailed before the Honorable Federal Tax Ombudsman ("FTO"). The FTO has issued an order that no penalty can be imposed against the Company as there is no element of tax fraud involved in the matter and the issue pertains to a change of opinion of the Federal Board of Revenue.

A representation has been filed by the Collectorate against the said Order of the FTO before the Honorable President of Pakistan on which decision is yet awaited. However, in case of another payphone company having similar case, the Honourable President has set aside the decision of FTO and has restored the potential 100% penalty on the principal amount. The said decision of the President has been challenged before the Honorable Islamabad High Court and the matter is pending adjudication before the Honourable Court.

In the meanwhile upon application of the Company under section 47A of the Sales Tax Act, 1990 for constitution of Alternative Dispute Resolution Committee (ADRC) the FBR has constituted the Committee and referred the matter to be resolved at ADRC. The management is confident that matter will be decided in favour of the Company.
